

Northfield's Flower Show

The First Annual Flower Show of the Northfield Garden Club held Tuesday and Wednesday, August 21-22 at the Chateau on the grounds of the Hotel Northfield was a pronounced success.

Nearly 800 people viewed the entries during the two days. The show opened Tuesday at 2:30 immediately after the judges, Prof. Clark Thayer and Arnold Davis of Massachusetts State College, had announced the winners in the several divisions.

The grounds of the Chateau and the Italian Gardens both showed the results of the tremendous amount of work done by the Hotel Staff to make this first show the grand success it was.

Inside the Chateau, the year's preparation by the club members led by their efficient officers, was amply rewarded by the large number of entries in nearly every class. The displays tastefully arranged, made a splendid appearance in the downstairs rooms of the beautiful building. Two of the outstanding features of the decorations were the stair-case, decorated by Mrs. Harry James and her assistants and the Chapel decorated by Yetter the Florist of Greenfield.

Other firms who were interested enough in the show to bring displays were: John B. Wilson, Inc.; Greenfield, with a fine display of Pottery and Glass. Hopkins the Florist of Brattleboro with Garden Furniture, Pottery and Flowers. Messenger the Florist of Brattleboro with Flowers. The Blue Lantern Shoppe of Greenfield, Flowers, and Lewis R. Brown, Photographer of Brattleboro with an excellent display of Garden Pictures.

The Special Prizes donated by both local and out of town firms were as follows:

The Northfield Herald Prize for General Excellence in the Show went to Philip Porter for his arrangement outside the Chateau of a woodland scene which he called "The Edge of the Woods." It provoked much favorable comment from all who saw it.

The Spencer Bros. Prize was given to Joseph Field who displayed a large collection of Garden Flowers.

The John B. Wilson Co. Inc., Prize went to Miss Carrie Mason for Mixed Bouquets.

THE FLOWER SHOW

The Flower Show is over, and if one may judge from the comments was a huge success. And after all why shouldn't it be. Enthusiasm, plus splendid co-operation, plus fine weather, to say nothing of the perfect setting, would make anything a success.

We the members of the Garden Club, give our most hearty thanks to everyone who so unselfishly gave of their time as well as their bounty. From those who served on the committees, to the smallest exhibitors, all had their part and did it loyally and well. We feel however, that special mention must be made in certain places. One of these is the marble stair-case. The work which added so much to the attractiveness of the Hall, was done by Mrs. Harry

James, assisted by Mrs. Charles Mayberry, Miss Ina Merriman, and Miss Maude Hamilton. The decoration, which was the result of hours of hard labor, had many delightful things said about it. The musicians, who played at intervals throughout the Show on the Chapel organ and Drawing Room piano; the young women, who under the able direction of Mrs. Fitt, made the room of the Four Seasons such a charming and interesting place; Philip Porter, who with Mrs. Fitt, made the Italian Garden into a bower of beauty; Mrs. Porter, for a collection of Begonias, gotten together from all parts of the town; Mr. Edward Morgan, who furnished the evergreen for the stair-case; Mr. Joseph Putnam of Greenfield, our County Extension Agent, who obtained our judges; to the girls who acted as guides and the entire Hotel management for the many favors granted us, to all of these, we say, "Thank You." To the efforts of The Northfield Herald also many thanks are due.

But there were few idle members of the Club. When one considers that the Show was staged and the entries in and ready for the judges in a bit over two hours and a half, it seems almost unbelievable. Only willing and capable hands animated by enthusiasm, could have accomplished such a miracle.

We hope this is not going to be our biggest Show or our best Show, but I think it will always live in our memories as the most delightful one.

Northfield's First Flower Show is over, but the best part, the unselfishness and loyalty of friend and neighbor that made it possible, and the loveliness that our hearts reached out for and captured, these are a part of our lives forever.

Lake Pleasant

Sunday ushered in the last week of this year's camp meeting with Mrs. Catherine Huenniger of Buffalo, N. Y., as the speaker and psychic. Mrs. Huenniger gave two excellent discourses in the forenoon and afternoon and held a message service in the evening, good sized audiences attending each service. A special feature of the musical part of the service in the evening was a vocal trio by Mrs. Rose E. Manchesters, Mrs. Lillian J. Blinn and Mrs. Josephine M. Benton. Mrs. June Schneider accompanying on the piano.

In the Temple Monday night one of the best entertainments of the season was given to a large audience. The program included solo and group dances, recitations and songs by the children in costume and were so good that they received well deserved encores.

Recitations by Mrs. Rose E. Niles, vocal solos by Mrs. Manchesters and a sketch "On the Bus" completed a well rounded program of enjoyment and laughter.

Mrs. Huenniger closed her engagement here Tuesday evening with a message service.

The Neighborhood Club, an auxiliary of the camp meeting association, held its annual fair in the Temple, Wednesday concluding with a whist in the evening, and a goodly sum was added to its treasury.

Whitney, one of the best known lecturers and most popular psychics in the spiritualist cult arrived Wednesday and will hold message services in the Temple Thursday, Friday and Sunday evenings and will lecture and give messages Sunday forenoon and afternoon, this being the last day of this season's camp meeting.

The dance Saturday night brought out the record attendance of the year and the music furnished by the Ambassadors, especially the singing of Mr. Hicks, was enjoyed by many spectators as well as by the dancers. Although camp meeting closes Sunday the dances will be continued into September and probably service will be held on the Sunday afternoon and evening before Labor Day.

The annual business meeting and election of officers of the New England Spiritualist Camp Meeting Association was held Monday. The reports showed the association to have a balance in its treasury at the close of the financial year, July 1, 1934, amounting to \$763.09 with all bills paid and no mortgages or debt of any kind. The officers elected were President Mrs. Clara H. Collamore, Brookline, N. Y.; Vice-Presidents Mrs. Harriett A. Nash, Somerville, Mass., Mrs. Charlotte L. Snipes, Casadagga, Florida, Mrs. Amelia Adams, Haverhill, Mass. Clerk and Secretary, Rev. Albert P. Blinn, Lake Pleasant, Mass. Treasurer, Forest S. White, Hockley Falls, N. Y. Directors, Monroe S. School Days

To be ready for school is the inherent right of every child. Parents should see that the child is in the best possible physical and mental condition so that he may make good use of the advantage offered him.

Smallpox and diphtheria are preventable diseases and every child should be protected from both. Diseased tonsils increase a child's chances of contracting communicable disease, and the presence of adenoids exposes the child to frequent colds with possible infection of nose and ears.

Decayed and abscessed teeth cause absorption of poisons into the system and make the child tired and irritable, prevent gain in weight, and reduce resistance to disease. Defective eyesight may cause persistent headaches and nausea. Poor posture results in abdominal, chest, limb pains, and backache. Minor nervous defects are obstacles and are easily corrected by proper treatment.

If examination reveals defects—don't neglect them. Correct them at once and give the child the opportunity he deserves.

BUDDIES MEET

An interesting re-union of War-time Buddies took place in Northfield this week when Martin Gormley of New York City paid a visit to his "Buddy," Warren Whitman, Commander of the Legion Post here.

When Whitman was hit by a gas shell that shattered both his legs it was Gormley who risked his own life by taking off his gas mask to help his fallen comrade out of the line of fire. While doing this he was terribly gassed and the two soldiers were invalided together.

On Wednesday night a group of local service men who had heard Gormley was in town visited Commander Whitman's home to pay tribute to a man who knew what it meant to be a "Buddy."

It takes "guts" to be the kind of a soldier Martin Gormley was.

NORTHFIELD CONFERENCES

FRIDAY, AUGUST 17

East Northfield, August 17—Dr. Adam W. Burnet, pastor of the Westbourne Church, Glasgow, Scotland, spoke last night at a special service of the Trinitarian Congregational Church. The subject of his sermon was "Worry," and he used as his text the 8th verse of the last chapter of Philippians, "Be careful of nothing."

"Worry is such an absorption in the everyday things of life," said Dr. Burnet, "that even a thought of God does not get a chance. When your mind is filled with worries, you will note that you have precious little time for gratitude. It is a denial of your faith in God."

"The little griefs blaspheme," said Dr. Burnet, "the great griefs are quiet and listen. I profoundly believe that worry is the cause of nine tenths of human trouble. If you are worrying; if life has to be a test of you, the first step is to get back to God, to pray. Every one here to-night is worrying about something. Is it about money? Is it about the future? Is it about sin? Is it about death? It matters not what it is. Take it to God and reaffirm your faith in Him."

Dr. Burnet, who was one of the featured speakers at the General Conference of Christian Workers, has been visiting in Middlebury, Vt., since the conference closed. He will next speak in Cleveland, Ohio and will go from there to New York, after which he plans to sail for Scotland.

The Massachusetts Christian Endeavor Conference continued today with the usual routine of classes and games. A musical program was given in Sage Chapel at 7:45 under the direction of Mr. F. Stanley Reis assisted by Mr. John Magill. Graduation will be held tomorrow, and the speaker will be Reverend Edwin H. Gibson. The guest of honor will be Mrs. Francis Clark, co-founder of the Christian Endeavor Union.

The topic for the meeting is Winter Injury and 1934 Crop Prospects, a topic which is of extreme interest to fruitmen this year. The program will take the form of a round table discussion led by the extension specialists of the six New England states. They are: J. H. Waring, Maine; C. O. Rawlings, New Hampshire; M. B. Cummings, Vermont; H. A. Rollins, Connecticut; E. P. Christopher, Rhode Island; and W. H. Thies, Massachusetts.

W. E. Cole, of the Massachusetts State College and secretary of the Fruit Growers Association, has made the arrangements for the meeting. Mr. Cole suggests that the easiest way to reach the Gilmore farm would be to travel on the Worcester - Framingham line to the Worcester - Framingham Farm, Westboro, owned by Howard P. Gilmore.

## PLEASE, TEACHER!

Another school year has begun.  
And what will Teacher do  
To make life sad or happy  
For little Me and You?

Will we regret the grade we left,  
Or like the new one more?  
Can I be smart, and capture  
The seat back next the door?

O Teacher, please to understand  
We small folks mean alright,  
But growing bodies wiggle,  
And books aren't natural, quite!

—A. L. Webb.

## INTERESTING DAYS

On Sept. 6 it would be well to call the children's attention to the fact that it is the anniversary of the birth, in 1766, of John Dalton, the English chemist who first announced the four laws of the union of different substances, called the Atomic Theory.

Napoleon started his huge army on the long march into Russia on Sept. 7, 1812. In pitiful disaster a starving, frozen remnant retreated.

A distinguished poet, critic, and scholar, August Wilhelm von Schlegel, was born at Hanover Sept. 8, 1767. It was he who translated Shakespeare's plays into German.

William I ("the Conqueror") died at Rouen, France, Sept. 9, 1087.

The greatest Shakespearean actor the American stage has ever produced, Edwin Thomas Booth, made his debut in the old Boston Museum at the age of 16 with his father, Junius Brutus Booth, successful London actor, in "Richard III" on Sept. 10, 1849.

Marino Falerio, elected Doge of Venice Sept. 11, 1345, had but a short triumph, for the very next year he was executed for conspiracy against all the nobles of Venice.

John William Fletcher, intimate friend of Wesley, was born 206 years ago on Sept. 12.

## ENGLISH NUT CAKE

Mrs. Copp of Green Bay, Wis., makes an English nut cake that is delicious, by this rule. We might mark the English chemist Dalton's birthday by trying the recipe. Shell 1 lb. English walnuts, and save 2 doz. half nuts to put on top of the frosting; chop the rest. Make the cake with 2 cups brown sugar, 1-2 cup butter, a scant cup sour milk with 1 teaspoon soda in, yolks of 5 eggs, 2 cups flour, 2 teaspoons cinnamon and 1 of clove, 1-2 nutmeg grated, and 1 lb. stoned or seedless raisins.

## FRENCH KIDNEY

Try this French way of cooking kidney for breakfast; Soak, and remove the cords and fat in the center. Slice thin and dip in flour, then fry brown in butter. Remove meat from pan and make a sauce by adding 1 tablespoon thoroughly browned flour. Return meat and add 1-2 cup boiling water. Stir till well mixed. Add salt, pepper, 1 bay leaf, and a squeeze of lemon juice. Stew 1-2 hour, remove bay leaf, and serve in hot dish.

## GERMAN COFFEE

Coffee served the German way was a special "stunt" of Mrs. Fannie L. Thomas of Ferry, Iowa. She made very strong coffee in the usual way, filled each cup half full of scalded rich milk, added half a cup of the strong coffee, and served hot.

## PINEAPPLE SURPRISE

For an unusual salad, try this Texas rule: Combine 3 ozs. cream cheese (1 1-2 cakes), 2 tablespoons cream, 1-4 teaspoon salt, pepper and a dash of paprika, with 3 drops onion juice, beating with fork till smooth. Cut 10 stalks of celery 5 inches long and clean well. Fill cavities with the cheese mixture, chill 2 hours, and cut into 1-2 inch bits. Mix with 2 cups pineapple tid-bits, and moisten with 1-4 cup of dressing described below. Serve on bed of crisp lettuce leaves, garnished with curls of celery. Serve with the dressing.

DRESSING—To four slightly beaten egg yolks add 1-8 teaspoon salt, 2 tablespoons powdered sugar and 1 cup juice of pineapple. Stir constantly in top of double boiler till thick enough to coat a silver spoon well. Then blend in 1 teaspoon lemon juice, chill and add 1 cup stiff beaten cream.

## WHITE HOUSE PUDDING

A pudding sometimes served to the U. S. Chief Executive, very good yet cheap, is made by mixing 1 cup suet with same of sweet milk, and of molasses; sifting together 3 cups flour, 1-2 teaspoon baking soda, 4 teaspoons baking powder, 1-4 teaspoon salt, 1 teaspoon cinnamon; combining ingredients, with 1 egg; stirring in 1 cup each currants and raisins (floured with part of the flour, so they will not sink to bottom so readily); pouring into greased molds and steaming 2 hours.

## APPLES

To keep pared apples from turning dark, put the juice of a 1-2 lemon into the water they are in.

## LEMON TARTS

Big Sister's lemon tarts were always in demand, made thus:

Juice and pulp of 1 lemon, 1-2 cup milk, 1 tablespoon each butter and flour, yolks of 2 eggs, the whites reserved for meringue made by mixing with sugar and beating.

## BEEF OLIVES

From Mrs. Blackie of Norfolk, England (mother of our rector at All Saints', Watsonville, Calif.) I have this interesting meat dish. Take slices of beef off the round, 1-2 inch thick, and pound well with rolling pin. Cut in strips 4 inches wide. Mix fine bread crumbs, herbs, onions chopped fine, seasoning and melted butter. Spread mixture on strips of meat and roll them up tight. Tie with string and fry brown in dripping. Remove the meat, and to juice add flour and soup stock (or beef cubes) and make a panful of thick gravy. Put meat in, cover, and simmer 3 or 4 hours.

#### INTERESTING DAYS

Mrs. John D. Underwood of New York City, better known to her thousands of enthusiastic readers by her maiden name of Sophie Kerr, which she retains on the title pages of her novels, was born on Aug. 23 at Denton, Md., in 1880.

"Love at Large" was her first book, "Painted Meadows" and "One Thing Is Certain" are two more, all interesting and entertaining, well worth reading.

On Aug. 24, 252 years ago, William Penn was granted "the three lower counties of Delaware." On this day, too, which is St. Bartholomew's day, nearly a century ago (1841 to be exact) Richard Cobden made his first speech in Parliament against the Corn Laws (early interference and regulation of trade in wheat and grains). He was chiefly instrumental in their repeal.

The after Confessor of King Louis XIV of France was Francis D'Aix de Lachaise, familiar in history as "Pare alchaise." He was born Aug. 25, 1624, at Aix in France. He was a man of broad views and upright character, a friend of Fenelon. He founded the College of Clermont, and a famous Paris cemetery is named for him.

Sir Robert Walpole, Earl of Orford, First Lord of the Treasury and Chancellor of the Exchequer of England, for 21 years the great political power of the realm, was born Aug. 26, 1676, at Houghton in Norfolk.

The American novelist Theodore Dreiser, outstanding among the country's literati of to-day, was born at Terre Haute, Indiana, on Aug. 27, 1871. Read his "American Tragedy," "The Financier," and some of his plays.

On the same day and year two noted men were born, Aug. 28, 1811. One was the great English linguist Arthur Lumley Davids, the other the French mathematician Auguste Bravais.

John the Baptist is said to have been beheaded Aug. 29, by Herod's order for criticizing that monarch's marriage with his brother Philip's wife.

#### APRICOT WHIP

To make enough apricot whip for six people, cook 1 cup dried apricots in 2 cups cold water (without soaking before-hand) for 45 minutes, drain and add 1-2 cup sugar. (Or use 1 cup fresh apricots pulped, with the sugar.) Whip 1 cup cream (or milk) add 2 tablespoons lemon juice and beat stiff. Stir in the pulp, chill and serve. This is one of Ann Holden's recipes.

#### TAMALE LOAF

Mrs. William Jensen of Corralitos, Calif., contributes a typical west coast meat loaf recipe for today's column. Fry 2 large sliced onions in lard till brown. Add 1 cup olive oil, 1 can corn, 1 can tomato, 1 qt. chopped meat, and 3 tablespoons chili powder mixed with a little cold water to a paste, and fry all together 15 minutes. Add 2 cups cornmeal and 3 eggs, a little salt, 1 cup milk, 1 cup of ripe olives, mix and cook again 15

minutes, then put into baking tin and bake in loaf form 15 minutes more. Beat take the pits out of the olives, for it is annoying to bite into one, or hit it slicing the loaf.

#### RASPBERRY LEMONADE

To 2-3 cup raspberry juice or syrup, add juice of 6 lemons, and sugar to suit your taste. Put chopped ice in your tall glasses and serve the drink in them, 1 part fruit juice to 2 parts cold water.

#### NOTABLE MENU

The menu served at the luncheon for Lord Balfour in the White House at Washington, D. C., by Mrs. Wilson during the war, was the following (and Lord Balfour asked for another dish of ice cream!)

Fruit cocktail, Clear Soup, Fillet of Sole with Tartar Sauce, Fillet of Beef with Mushrooms, Breast of Chicken, Hearts of Lettuce, Strawberry Ice Cream, Cake, and White Rock to drink.

#### BARLEY WATER

For her invalid a Canadian mother makes barley water thus: Put 2 tablespoons pearl barley in 4 cups cold water, bring to a boil and cook 5 minutes. Drain off the water and rinse the barley in cold water. Return it to the fire, add 1 qt. water, and bring to a boil again, then simmer until it is half its original bulk. You may vary it with sweetening if or flavoring it differently.

#### WALNUT DIVINITY

Now for a candy rule for the children, one from Texas: Boil 2 cups sugar with 1-2 cup each water and white corn syrup. When it forms a soft ball in cold water, add half of the syrup to 2 stiff beaten egg whites slowly, beating constantly. Cook the rest of the syrup till it forms a soft ball, add slowly to the first mixture, beating all the time. Beat until it will stand up and hold its shape. Add 1 teaspoon vanilla and 2 cups English walnut meats broken up, and turn onto a buttered platter. Cut into squares when cold. Variety may be had by changing the flavoring or the kind of nuts.

#### HOME PROVERBS

AMERICAN—"The man who goes through life looking for a soft thing, can find it under his hat."

CHINESE—"A wise man at court is like a mermaid in a ball room."

JAPANESE—"Who can speak well can also lie well."

IRISH—"A dishonest woman can't be kept in, and an honest one won't."

Blueberries even in New Hampshire almost gone. Well let us have some blackberries.

Rev. Carl was in Boston Thursday.

Mr. Melvin Dalrymple of Mechanic St. passed away this past week and was buried at his former home in Brattleboro.

Those lovely "glads" at Miss Guernsey's were grown by Mrs. Nason on the Cheshire Rd.

The young women from Billerica, Mass., visiting at the O'Connor's would not let their parents come for them until they had stayed a second week.

Mrs. Nellie Rogers is having her house painted. Her sister-in-law and husband from Athol are with her for a week or two.

Mr. George Adams who broke his arm before starting on the Jersey trip is recovering the use of it.

Mrs. Flora Norris who has been stopping with her girlhood friend, Mrs. Martha Rich, has gone to Hardwick, Vt., to visit her brother and sister and later returned to St. Cloud, Florida.

If all citizens would bring as many people to church as the Nasons did last Sunday the churches would be full.

Miss Evelyn Fisher was out of town over the week-end.

Read "Cry Havoc" by Beverly Nichols and realize the war preparations through the world.

"The Cross of Peace" and realize the struggles of some people to keep the world out of war.

Mrs. Edith Handy of North Main St. has a lily pond surround-

ed with petunias. There are other petunias that are of rare type and very large and beautiful. There is a wealth of loveliness in their large garden on the bank of the beautiful Ashuelot River.

As is in every age, your true conservative is he who worships a dead radical; so Moses, the labor leader, was embalmed in orthodoxy.—Call of the Carpenter, page 170.

If you would know the value of money, go and try to borrow some; for he that goes a-borrowing goes a-sorrowing.—Franklin.

During the quarter ending July 1st, 109 new Grange units were organized in the United States and 20 were re-organized; nine new Pomona Granges were instituted and 58 new Juveniles. These were distributed over 30 states and constituted the highest organization record for a single quarter in more than 30 years.

## ORIGINS

The Lord made man, and then his mate,

Then saw what He had done,  
So quit the manufacture, and  
Sat back to watch the fun.

First Eve and Lillith mixed it up.  
And ever since that day  
The sex triangle flourishes—  
Folk just seem made that way.

Man first was dust, but when "all  
wet"

Eve showed "his name was  
mud."

She was a bone from out his  
side—

His "bones" now buy each  
"dud."

Poor man! Poor Eve! What  
chance have they?

They were not started right.  
If they were made of the same  
clay.

They'd not be in such plight.  
—A. L. Webb.

## INTERESTING DAYS

Aug. 30 is an excellent day to talk to the children about the man whose inventive genius made long distance telephony practicable. William White Jacques, whose home is at Longhouse, Chester, Nova Scotia, not only worked out many such devices, but was an expert of the anti-submarine division of the British Admiralty during the World War. He was born Aug. 30, 1855, at Haverhill, Mass.

Authorities disagree as to whether Jacques Louis David, founder of the modern French school of painting, was born on Aug. 30 or 31, 1748, in Paris. He was a member of the convention which voted the death of King Louis XVI, a hot Jacobin, and shared in the atrocities of the Committee of Safety of the Revolution.

Louis XV ascended the throne Sept. 1, 1715, upon the death of Louis "Le Grande."

Charles Thomas Agnew MacLean, managing editor of the great publishing house of Street & Smith, whence issue many of the popular magazines of today, was born in Ireland, at Ballymena on Sept. 2, 1880.

Labor Day this year falls on Sept. 3, when shops close and workers parade and picnic, making merry. It is the anniversary of the death, in 1833, of Sir Edward Coke, famous for his legal writings.

The Archbishop of Canterbury preached in Toronto Cathedral Sept. 4, just 30 years ago. And 116 years ago on the same day the American woman poet Phoebe Cary was born on a farm near Cincinnati in Ohio.

The president of the Bell Telephone Laboratories, the world's largest telephone organization, Frank Baldwin Jewett, was born at Pasadena, Calif., on Sept. 5, 1875.

## BAKED SALMON

Since September has an "r" in its spelling, it is now safe again to serve fish of the oyster and clam variety, so we shall have some recipes for them today. But first I want to give you a Wisconsin recipe for serving baked salmon for tea. Take the bones and oil out of a can of salmon, and pick the meat to bits. Mix with 1-2 cup milk, 2 eggs, 1-2 cup soft breadcrumbs crumbled fine, a tablespoon of melted butter, and pepper and salt to taste. Put into a loaf pan and bake 20 minutes.

## CLAM CHOWDER

This is Mrs. Ben Ceschi's rule for a chowder for which she is famous in Corralitos, Calif. Fry 1-2 cup of cubed bacon or salt pork, then brown 2 cups of cubed potatoes with a sliced onion and 1 cup diced celery in butter or olive oil until golden brown. Add 4 tablespoons flour, then 1-2 cups tomatoes, and then chicken or beef broth, salt, pepper, and cook until tender. Then mix in a white sauce made with 4 cups scalded milk, and last of all, 1 qt. clam (cleaned of any possible sand or bits of shell) and do NOT boil.

## PIGS IN BLANKETS

From Toronto comes this good oyster dish: Wash and dry large oysters. Have as many strips of bacon as you have oysters. Place a strip of the bacon on your left hand, lengthwise, put an oyster on the upper end, and roll it up in the bacon, by showing the right hand toward the tips of the left hand fingers. Skewer it with a wooden toothpick. Sprinkle all with pepper, dip in melted butter, and broil. Serve on hot toast triangles with celery, garnishing the platter with the leaves of the

celery and thin segments of lemon.

## OYSTER SANDWICHES

Pick over 1 pt. oysters, removing bits of shell, and dry between cloths. Then sprinkle them with salt, pepper and flour. Beat 1 egg and dip the oysters in it, diluting the egg with 2 tablespoons cold water. Prepare 1-2 cup crumbs, either cracker or bread, and roll the oysters in them. Fry 5 minutes in hot deep fat, drain on brown paper. Serve hot between toasted French rolls with Tartare mayonnaise.

## NOTABLE MENU

It might be interesting to duplicate a menu which was served by President and Mrs. Wilson Aug. 23, 1917, when entertaining a Japanese Mission at a luncheon of 78 guests, all men except Mrs. Wilson. With scarlet and yellow gladioli as the flowers, the lunch consisted of muskmelons, clear soup, vegetables, roast capons, potatoes, Virginia baked ham, Waldorf salad, peach ice cream with cake and coffee, with champagne, claret, sherry, Scotch whiskey, brandy, cigars and cigarettes.

After the Volstead Act was passed, no liquor was served on President Wilson's Whitehouse table. Before that, except for a glass of champagne at official dinners, Mr. Wilson never touched liquor of any kind, save on rare occasion under doctor's orders.

MILLIONS OF PEOPLE  
HAVE ASKED . . .  
What, exactly,  
does Knee-Action do?

the answer is  
**CHEVROLET'S**

**KNEE-ACTION RIDE**

*Doubles*

the pleasure of motoring

The best way to prove that Chevrolet's Knee-Action actually makes motoring twice as pleasant as before is to drive the new Chevrolet over all kinds of roads. You will find that the continuous jars you used to get even on smooth pavements are ended. The steering wheel is free of vibration. Back seat passengers are comfortable and relaxed. You can maintain higher speeds over rough roads that used to slow you down. You will find, in fact, that probably for the first time in your experience, every foot of every mile is equally enjoyable.

This fine feature is combined in the new Chevrolet with beautiful, luxurious Fisher Bodies, safe, weatherproof, cable-controlled brakes, the flashing performance of an 80-horsepower engine, and the great economy of six-cylinder, valve-in-head construction. This combination is exclusive with Chevrolet. Perhaps that explains why so many people are buying and recommending this extremely low-priced car.

"WHEN I GET  
MARRIED..."

I want an  
ELECTRIC RANGE!"

"Mother says I'm rather young to be thinking of marriage, but  
Daddy says it's just as well to be prepared.

"I'll want an electric range because I've seen how Mother's new  
one has made her work so much easier.

"I know that lots of times when I've been making a dress for  
Mary Ann, that's my doll, Mother wasn't able to help me because  
she had something in the oven that she couldn't leave.

"It's different now—she doesn't watch the oven at all; there's  
some automatic controls that take care of the cooking.

"Our kitchen is nice and cool, too. Daddy says it's because of the  
heavy in-su-la-tion that keeps the heat in the oven where it belongs.

"I think our range is just dandy, and it's so easy to operate  
that Mother is teaching me to bake."

Electric range users, everywhere, have found electric  
cooking a tremendous relief from kitchen drudgery.

See YOUR local dealer today and ask him to explain the  
possibilities of the electric range. He'll be glad to tell you,  
too, of his free installation offer.

## THE BACKYARD GARDENER

Last week I said something  
about using Bordeaux mixture on  
tomato vines to late blight from  
attacking. Several folks have  
asked me if there isn't some dan-  
ger in eating tomatoes that have  
been sprayed recently with Bor-  
deaux mixture. I suppose some of  
you have been thinking about the  
same thing.

Well, in the first place, the to-  
matos that need spraying most  
are those which are the latest. The  
ones which already have ripe to-  
matos on the vines aren't in such  
danger of being attacked by late  
blight, but even so I think it  
wouldn't hurt to keep them  
sprayed or dusted.

Furthermore, Bordeaux mixture  
isn't harmful in the small quan-  
tities that you'd get on tomatoes.  
It's made from copper sulphate  
and lime you know. Of course,  
you wouldn't want to include  
either of those materials in your  
regular diet to take the place of  
meat or potatoes, but even if you  
ate a tomato without making any  
effort to take off the copper sul-  
phate and lime sticking to it, I  
don't think you'd suffer any ill ef-  
fects.

But then, a tomato is awfully  
easy to wipe off. That slick, waxy  
skin keeps things from sticking  
very tightly, and so you can take  
a rag and wipe off all the spray  
or dust that might be sticking in  
just a moment.  
In other words, you can get the  
Bordeaux mixture off easily, and  
it won't hurt you if you do eat it;  
so I can't see any reason for be-  
ing afraid to use Bordeaux mix-

ture to protect your tomatoes  
from late blight.

Say, to change the subject a  
little, I want to ask a question:  
Did you ever cook sweet corn out  
of doors, over an open fire? If  
you never did, boys and girls, you  
have something to live for! The  
exact technique will differ with  
different people. Some folks, I  
know, prefer to leave the husks  
on the corn, soak the husks in  
water, and bury it in coals, so  
that the corn is steamed. But my  
favorite way is to strip off the  
husks and put the corn on the  
end of a stout stick; then roast  
the corn over the coals until it  
gets a nice, rich, brown color.  
Put on some butter and salt, and  
you've got something that is real-  
ly worth eating.
